Last Thursday the wound began to heal, and Tuesday Mrs. Lodwig was in town, almost cured.

### GORDON EXPIRES.

#### Case Has So Far Been a Mystery to the Police.

Dayton, O., Aug. 7 .- A score of police officials, deputy sheriffs and detectives are seeking desperately for the man who murdered Anna Markowitz Sunday evening after having shot and fatally wounded her escort, Abe Gordon or Cohen. Clews so far have proved without result, and there seems scant hope of solving the mysterious The two brothers of the dead girl, who admitted disliking Cohen, and following the couple for a time Sunday evening, were taken to the hospital where Cohen died, but the wounded man could not identify them. They stoutly maintain their innocence of the crime, and the officers generally accept their story, since the autopsy on the body of Anna Markowitz was performed.

It was conclusively shown by the autopsy that in the death of Anna Markowitz a double crime was committed, the slayer assaulting then killing her by strangulation. A colored woman who lives near the scene of the murder is quoted as declaring that she heard a woman scream in the woods at about the time the crime was committed, "Harry, O Harry!

Harry Markowitz still maintains at his sister, Bertha, can clear e mystery if she desires. The girl however, continues reticent to a point of sullenness. Buth she and her brother are still in jail on suspicion.

Gordon of Cohen, as the wounded man was known, died at the hospital. Owing to his delirious condition the information he gave concerning the tragedy is considered by the authorities to be of little value.

The market advanced gradually all week closing 20 to 40 cents higher on steers than the bad close of the previous week, while cows strong. Top today is \$5.10, for the 'Rocking R' cattle, as compared with \$5.05 for these steers the last time they were here ten days ago. The Louis Denoya steers brought \$4.90 late last week, and bulk of sale of steers today ranges from \$3.85 to \$4.85, weights from 850 to 1140. Cows are selling at \$2.60 to \$3.35 mainly, canners \$2.00 to \$2.40, calves up to \$5.75. Quarantine supplies will likely be smaller from now on, as the Osage shippers pushed their cattle on the market in large numbers during July. Receipts of quarantines at this market all of last August were 1600 car loads. Native cattle receipts are small today, and the market stronger. More than 500 cars of feeders and stockers went to the country last week, and the price advanced 15 to 25 cents. The hog market has been most disapointing for several days, including today. Packers appear indifferent, and shippers have been the main support of the market. Run is 6000 today, market weak to 5 lower, packers top \$6.20, although speculators paid \$6.25 early today, bulk of sales \$6.00 to \$6.15, heady hogs \$5.85 to \$6.05. Hog receipts have been pretty liberal all summer, and packers have good supplies of meats on hand, and do not seem to care to add to them at present range of prices.

#### DENATURED ALCOHOL.

After Sept. 1 farmers can make denatured alcohol free of duty, and already there is much speculation as to the extent they will avail themselves of the privilege. For a while at least there is not apt to be a great deal of it made on farms. Farmers are celebrated for their conservatism; every one of them is inclined to get the advantage of some other man's experiment. The growth of the industry is apt to be slow for a time. But there is every reason to believe that eventually it will become big and important. Prof. Robert Kennedy Duncan, a chemlst of note, has said that at 40c a gallon denatured alcohol, when used with a German incandescent burner, can compete as an illuminant, with kerosene at 18c a gallon, the light efficiency of alcohol under that condition being so much greater of this place was returning from Berthan that of Kerosene. At a cost of 30c a gallon he thinks alcohol will compete with oil for heating also, in which event there would be such a demand as must make | way, it is believed by wreckers. Authe denatured alcohol industry one of great magnitude. As to the ability of the farmer to put it on the market profitably at 30 cents a gallon, there can not be much doubt, since the Swiss Government which has a monopoly in the selling of it, put it on the market at 25 cents a gallon. The Government of Switzerland, it is true, ready to run, and that they are buy- forgoes all profit, but American County Tax Assessor J. H. # SECOND PRIMARY.

# New Orleans, Aug. 7 .- Dispatch

from Jackson, Miss., say a second sen atorial primary for Williams and Vardaman is regarded with favor by many followers of both sides. Secretary of Mrs. A. M. Rodes and children, Mrs. This Is the Only Amendment State Powers up to Tuesday night still had ten counties to hear official returns from and the count up to that point showed Williams to be in the lead by about 440. The smallness of the plurality which it is now the estimated the winner can have, was given as ground for the belief that contest over the election is inevitable. Ballot boxes are being watched by workers of both sides. The fact that a second primary must be held to select a can didate for governor has cleared the way for the advocacy of another vote for senator

# To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles.

General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with billousness, I pressribe my Dr. Shoop's Restorative internally while using Magic biliousness, I preseribe my Dr. Shoop's Restorative internaily while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. in trailing hair and long draperies, and the treatment of obstinate cases of piles.
